KACY BENSON

"Kacy is truly one of the BEST camp speakers we have ever experienced! His use of stories and humor really connected with our students and leaders both. God used Kacy in a HUGE way this summer."

SEAN BEACH, LEAD STUDENT PASTOR
Church at the Mall, Lakeland Florida

Kacy Benson uses comedy, real-life stories, and biblical truth to connect with students and lead them into a deeper walk with Christ. Raised on the streets of Galveston, Texas, as a teenager he was living with his alcoholic, drug addicted father, when a friend invited him to church.

One visit to the youth ministry led to another, which led to his attending a Jay Strack event in Louisiana. That night Kacy met Christ and was forever changed.

Over the last two decades, Kacy has traveled the country in ministry, speaking and entertaining at churches, camps, conferences, DNows, and more. Combining comedy with his God-given ability to deliver a compelling message to students, Kacy has become one of the most sought-after youth speakers in the nation.

Kacy lives in Austin with his wife Vickie and their two sons, Coleton & Tyton.

Regardless of the location or age group, Nick Thurmond has one desire – for people to authentically experience Christ and, in turn, worship Him for who He is and what He has done for us.

Nick's music blends thought provoking, personal lyrics with fresh musical styles to usher people into the presence of God. His desire is to "disappear" on stage, allowing God to move without any hindrance.

Nick currently serves as Worship Pastor at Real Life Church in Austin, Texas. He lives in Austin with his wife Taylor and 2 children, Oliver and Eleanor.

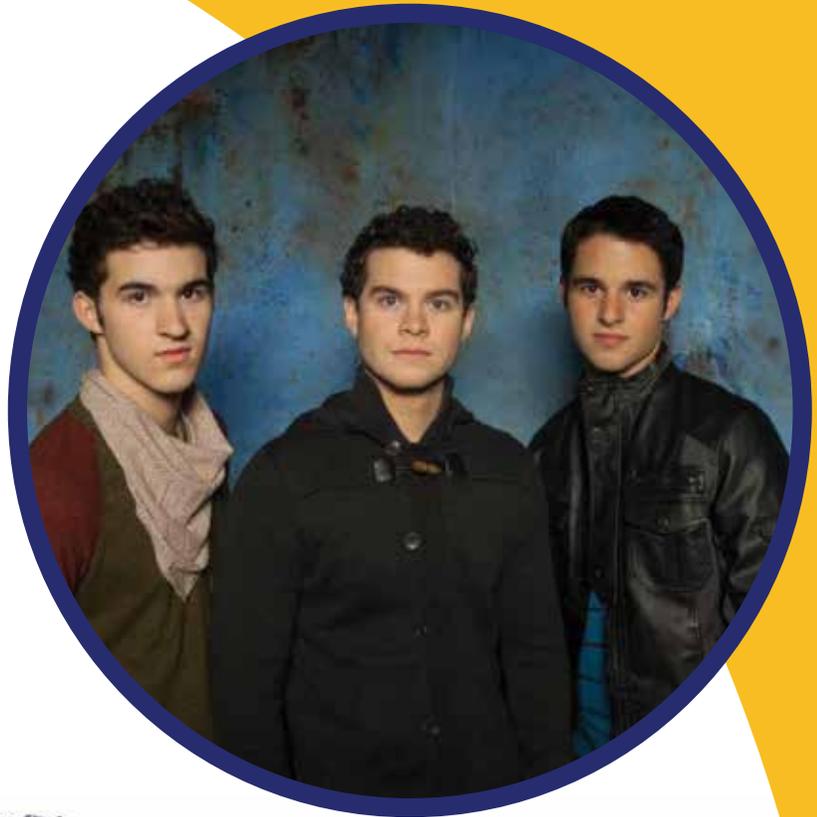

NICK THURMOND BAND

SPECIAL MUSICAL GUEST!

Playing to arenas packed with screaming fans, seeing your first EP make an impressive chart debut and getting to perform on national television seems like the stuff dreams are made of. For the Oswald brothers, who play under the moniker OBB, these professional feats have already become reality—and all before their 22nd birthdays. The trio's infectious songs, infused with hope amidst a backdrop of colorful pop, are connecting with young fans desiring to sing along to something that matters.

Zach (21), Jacob (19) and Nich (18) share a room, a homeschool history, and even an iTunes account. Luckily, the three siblings from Atlanta seem fairly agreeable. Lovers of all-things music, the brothers have been sharpening their musical abilities for as long as they can remember.

"We'll spend about 10 hours a day practicing and working to be the best we can be out there for God, because that's what He calls us to do, to perfect the talents He gives us," Zach explains. "You don't have to wait until you get older. Once you start realizing what that gift is that God has given you, start multiplying it. Start making that something you can use to reach more people."

TESTIMONIALS

"Kacy brings such life and energy to Hot Hearts each and every year. We've never experienced anyone who can electrify an audience to wild enthusiasm... and side-splitting laughter... and in the next breath bring them to a place of hushed reverence. ... And, in those settings where he's had extended speaking opportunities, he has spoken with such God-ordained passion and conviction that everyone leaves the weekend challenged to go and make a greater difference in their schools, their churches and in their world!"

JOHN BICKHAM, EXECUTIVE DIRECTOR

Hot Hearts Student Conferences,
Beaumont, Texas

"Kacy was a massive hit with our students. His ability to connect scripture with his story in order to point students to Christ is unparalleled. We've used him in numerous roles, and he never disappoints."
