To Whom It May Concern:

I'd like to take this opportunity to highly encourage you to pursue an assembly with Kacy Benson. We were fortunate enough to have him at our school to speak with our 7<sup>th</sup> through 12<sup>th</sup> grade students and I believe his message made an impression on our students.

Kacy has a great way of connecting to his audience and holding their attention through his important message. He is approachable and works well with all ages. He spoke at two different assemblies at our school, one for our junior high and one for our high school. He was able to adjust and modify as he saw fit to make his information valid and appropriate for the different age groups.

While in town, Kacy also spoke at a local church. He had an excellent turn-out of students from our district. Despite hearing him speak at school, those students felt so compelled by his message that they wanted to hear him again.

Kacy had the utmost professionalism while presenting and afterward when talking with the students. Because of his caring and accepting manner, students felt comfortable sharing with him some of their struggles. Kacy made an impact on those students not just for a day, but for a lasting time.

If you have the privilege and ability to invite Kacy to speak, I am confident you will enjoy his presentation and his message. He will engage his audience and create a caring atmosphere for all in attendance. Please feel free to call or email with any additional questions or to talk further about our experience with Kacy. You will not be disappointed.

Thank You,

Cathy Battas  
School Social Worker
